

LAW-TECHCONNECT

FOR IMMEDIATE RELEASE

Updated Apr 16, 2025

Early Bird Extended: 4th Annual Law-Tech Connect™ at XPONENTIAL 2025

The highly anticipated [Law-Tech Connect™ Workshop](#), co-located with XPONENTIAL 2025, has extended reduced early bird pricing through the end of April!

About the Event

Colorado-based P3 Tech Consulting LLC has once again joined forces with the Association for Uncrewed Vehicle Systems International (AUVSI) and its partner Messe Dussendorf North America (MDNA) to bring this one-day cutting-edge educational event focused on uncrewed systems, autonomy and advanced air mobility legal and regulatory topics. It will take place on Monday, May 19, 2025, at the George Bush Convention Center in Houston, Texas, co-located with XPONENTIAL 2025.

Since its inception in Orlando in 2022, Law-Tech Connect™ has experienced exponential growth. For the past several years, the event has drawn a standing-room-only crowd and solidified its status as the premier educational platform in the uncrewed systems legal and regulatory landscape. [The Drone Girl has recognized Law-Tech Connect](#) as one of the top drone conferences, expos, races and meetups of the year!

Expanded Agenda

This year's program covers an even broader range of topics than years past, including how to land government autonomy deals, the latest updates on global drone regulations and advanced air mobility, beyond visual line of sight (BVLOS) and UTM, threat lessons from current conflicts and more. Read the full agenda [here](#).

Star-Studded Speaker Lineup

Industry leaders and legal experts will share insights on the hottest techno-legal issues. The speaker roster includes top thought leaders from industry, government and global law firms. The final faculty line up is available for download [here](#).

Unsurpassed Networking

Connections start at a pre-event networking social on Sunday, May 18, 2025 where attendees can meet and interact with industry peers and speakers in a relaxed setting at the Social Beer Garden from 7-9pm CT. All are welcome; Law-Tech Connect Workshops registrants will receive free food and drinks thanks to sponsors the Northern Plains UAS Test Site, the Energy Drone & Robotics Coalition and the African Drone Forum. To attend, please register separately [here](#).

Educational Value

Law-Tech Connect™ continues to maintain its commitment to provide "CLE for Attorneys; Education for Everyone" by purposefully engaging a diverse audience across the uncrewed systems landscape. The event's cutting-edge insights and comprehensive approach benefit a wide spectrum of professionals, including autonomous technology innovators, drone operators, project directors, legal experts, researchers, students, regulatory bodies, government leaders and non-profit organizations. For attorneys, the Texas Bar has accredited the event for 8 continuing legal education (CLE) General Credits (self-certifiable and transferable to other jurisdictions).

Registration and Scholarships

Early bird registration rates of \$249 have been extended through the end of April. The fee includes the full-day program, meals, a 3-day XPO Hall pass and access to the pre-workshop networking event. Attorneys will also receive proof of attendance for CLE.

Registration add-ons include the AUVSI VIP Influencer Reception, which follows the event on Monday evening, and the ability to purchase USI's drone law textbook at cost, with a special promotional code.

This year's scholarship programs, sponsored by industry leaders, aim to develop the current and future workforce in the uncrewed systems. Scholars receive all registration benefits as well as a copy of the drone law text book. [Contact event organizers](#) to sponsor or inquire about sponsoring or obtaining a scholarship.

Don't miss this unparalleled opportunity to stay at the forefront of legal tech in the uncrewed systems and autonomous industry. Register now [here](#)!

About the Organizer & Host

Dawn Zoldi, the visionary behind Law-Tech Connect™, brings unparalleled expertise to the intersection of law and emerging technologies. A retired U.S. Air Force Colonel with 28 years of combined active duty and federal civil service, Zoldi's background as a Judge Advocate, Associate General Counsel and U.S. Air Force Academy leader uniquely positions her to lead this cutting-edge event. A licensed attorney and founder and CEO of [P3 Tech Consulting](#), Zoldi has established herself as a globally renowned industry expert. She has been featured on Fox News, PBS TV, CNN and Newsweek. Zoldi hosts the popular weekly "Dawn of Autonomy" podcast on AUVSI channels and is

the Publisher at [Autonomy Global](#), a new language-accessible digital media hub for the multi-domain - multi-purpose autonomy ecosystem.
